

WELCOME TO THE ONE CLUB

COME AS A PASSENGER. LEAVE AS FRIENDS.

A loyalty program unlike any other.

Since 2009, thousands of adventurous travellers have experienced the wonders of the Polar Regions on a One Ocean Expeditions small-ship voyage. Everyone that ever walked up the gangway of the ship, came as a passenger and left as a friend. Together, we have shared some of life's great travel experiences. Few will ever forget seeing their first polar bear, or standing speechless upon sighting their first Antarctic tabular iceberg, meeting an Inuit family in the Arctic, or the thrill of observing king penguins in South Georgia. These are memories to treasure.

Introducing the most significant past passenger loyalty program ever offered in the polar travel industry.

ONE CLUB EXPEDITION ALUMNI

Create Your Own Experience

Choose from an incredible range of exclusive benefits

Choice is a word that comes easy on a One Ocean Expeditions small-ship voyage. We provide 'the water-colours, the paint brush and easel' - and every individual creates their own 'perfect picture'. The philosophy of choice is core to what we offer our valued guests on board every voyage. And so it continues with our new One Club loyalty program where returning guests choose from a range of benefits that best suit their individual requirements.

So, how does the One Club Expedition Alumni work?

Start with a fabulous 10% reduction in the cost of your next cruise

Any returning One Ocean Expeditions client receives an automatic 10% reduction off the price of their next voyage. Even better, this 10% reduction can be combined with any current One Ocean Expeditions booking offer in the market such as an early bird 'air-credit'. Twice the savings. Double the benefits.

As if that wasn't enough - returning guests can then create their own unique tailor-made package. Just like ordering from a restaurant menu, guests can choose from an exceptional range of special features and benefits.

It's as simple as A + B + C

Sarah and Mike travelled to the Antarctic Circle in January 2014

They loved their trip and have longed to see the polar bears in the Arctic. In 2017 that dream becomes reality. As past guests, Sarah and Mike will enjoy 10% reduction off the voyage price PLUS the current Arctic 'earlybird offer' of US\$1000 travel credit. To complete their **One Club** package they have chosen the following great options:

Complimentary Cabin Upgrade

Pre Voyage Hotel Night

US\$100 shipboard credit
